Aliza Ali

Senior Full Stack Developer | Mobile App & Website Development Specialist

I'm a Full Stack Developer specializing in Flutter, React Native, Swift, Laravel, and React.js, building sleek, responsive web and mobile solutions. From MERN stack apps to Laravel projects, I ensure a seamless user experience. My expertise spans HTML5, CSS3, and JavaScript, alongside secure, scalable backend development. With hybrid and native app skills, I create cost-efficient, cross-platform solutions. Passionate about collaboration, I bring ideas to life with clear communication and teamwork.
